Question:

On June 16, 2003, I returned the information you requested re: Petition for Grant of a Patent. I have not received a response since then. Could you please inform me as to the status of my patent and also confirm that I have until February 27, 2004 to apply for the US Patent and still maintain the February 27, 2003 date regarding its application in the US.

Thank you

Keith Hebron
